Secure 2FA ATO Document Delivery

ATO
smartdocs

INTRODUCTION

ATO SmartDocs is bought to you by Digital Disruption Solutions, a business that was created in September 2015, that focuses on helping accountants navigate digital disruption and make sure they don't fall behind.

The team at Digital Disruption Solutions has built ATO SmartDocs using the combined knowledge of over 60 years of experience.

"Our aim has always been to build ATO SmartDocs to the highest standards and functionality.

With class-leading technology."

Action, Approve, Send, File based on practice rules, by doc type.0

FEATURES.

ATO document types.

ATO SmartDocs covers all ATO document types (100%) coverage with a current total of over 400 available ATO documents, paper documents included.
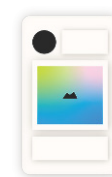

No processing limit.

ATO SmartDocs does not have any processing limits. Go crazy processing as many ATO documents as you want, for 1 small monthly fee.

95% Faster.

On average, Smartdocs will be 95% faster than your current process.

12 Months of Initial Partnership

We want you to continue to use our platform because you see the value in our partnership, not because you have to.

Flexible delivery methods.

Choose your delivery method for each client: Letters, Secure Email (2FA with a PIN), Portal, or via SmartPhone app)

ATO smartdocs

Did you know you can get your ATO documents straight from the ATO via the ATO API?

ATO SmartDocs is a game changer. No more scanning paper copies, no more manually checking NOA's, and no waiting 3 days for paper copies of ATO documents to arrive in the mail.

ATO SmartDocs is built to future-proof your ATO document processing and securely deliver, with full encryption, your ATO documents to your clients.
